

¡VÁMONOS! LET'S GO! SPANISH FOR KIDS

Dear Parents and Carers (Y1-3)

I am delighted to continue running the Spanish Clubs at Evendons Primary School.

I aim to provide a fun learning experience for your children, where they will learn through videos, songs, arts and crafts, and games as well as practical role play activities. The methodology will include strategies for reintroducing words and phrases through new and different activities; for example, phrases introduced in a song or story at an early stage will be used again in a role play, a game or craft at a later stage. The children will be given a sound knowledge of basic vocabulary and phrases, which in turn will give them a good grounding for future language learning.

We will continue with our learning curriculum and new learners are very welcome – they will soon catch up!

LANGUAGE AND CULTURE

Each term is different. Topics that will be covered include introductions, greetings, colours, numbers, movements, parts of the body, food, animals, directions, and much more!

I will also introduce the children to Spanish cultural topics along with Spanish speaking artists, architects, and writers and poets.

IMPORTANT INFORMATION

This term the lessons will be in a 9 week block on Wednesday mornings from 7:45 – 8:30. The first session would be on Wednesday 4th May and the last session on 6th July.

The cost for the 9 weeks would be £54 – payable directly to me. To sign up, kindly email me your child's name, year, and class name: yamanos.spanish@gmail.com. I will reply with my payment details. Kindly note, places are only secured once payment is received.

I look forward to teaching your children again and to meeting new ones!

Kind regards
Melanie Rose Jordaan
