## Gymnastics Club

Dear All,

I am delighted to be offering another term of Gymnastics at Evendons after Easter as an extra curricular activity for all abilities. This will be available for all years including Reception.

The classes I offer aim to gain confidence in the children along with flexibility, strength, stamina, posture and good physical well being. They will consist of games, developing and learning new skills, stretching and generally having lots of fun!

Classes will cost £8.50 per child, they will run over the course of 11 weeks during the term, the week commencing 22nd April and running until the week of the 8th July.

They will be split into two groups.

Key Stage 1 - **Thursday** Before-school Club **7.45-8.30am** (Reception/Year 1&2)

Key Stage 2 - **Tuesday** Before-school Club **7.45-8.30am** (Years 3-6)

If you feel this is something your child will be interested in or has been coming to the club already and wants to continue, please send an email to [laurenbakergymnastics@gmail.com](mailto:laurenbakergymnastics@gmail.com) as soon as possible. There are limited spaces available and classes operate on a first come first served basis. Your child's place will be secured as soon as full payment for the term is paid.

Kind Regards,

*Lauren*

\*Please note, if your child has already been attending the club, this does not guarantee your space for next term. The list re starts due to popular demand. (It is the only way I can make it fair for all children)

\*\*Due to increased hall hire charges, I have had increase the cost of the club sessions.
